Read more details at former Senate staffer who was fired for trying to block a federal investigation into a Russian election sabotage plot then warned that he was going to blow the whistle on details of the scandal, a Senate investigator testified Friday. In an interview with the Senate Intelligence Committee, former staffer Nathan Phillips said he and other staffers contacted people in the intelligence community who gave him "sensitive" details about what they believed to be a Trump Tower meeting between Donald Trump Jr., senior Trump campaign official Jared Kushner and Trump son-in-law and now White House adviser, Paul Manafort. Phillips added that he heard the "sensitivity" of the information even enhanced the suspicions that the president's family was "trying to collude with Russia." He said he was concerned that the information was so sensitive that even his family members didn't know what information he was given. "I was told that this was a conversation that needed to be kept secret because if it got out to the public it was going to have a really bad effect on national security

Features Key:

It's you against the world.

Lovehammer is a simple and fast arcade type strategy where you build a city and upgrade it to a wealthy industrial and distinctive capitalistic power. However, the usual gameplay is closely intertwined with the nine lives associated with your workers. The work done will allow you to recruit more workers, expand your city, assign them to be one of your nine workers (including your 'leader' or 'mother-leader', 'sister-leader' and 'daddy-leader') and keep all of them. For more information on which die is your playing piece, and how workers of each type differ slightly from others, see our guide: .

Your workers are highly dependent on each other, but can travel to other cities where they "borrow" from their friends and work temporarily.

Die will get upgraded by earning points over time, with each workers having their own specific points accumulation.

The player is able to unlock additional workers.

The game has a single digit currency.

The game is free.

The tittering tit cult has reigned over half of the galaxy for over a million years. It has upstaged the mighty universe, snapping its mighty stars, grabbing its galactic supremacy and reduced many to the status of the lowly tit. The tit cult, led by the deranged Buttlerian Sisterhood, is all but destroying a worthy swath of the cosmos. However, the tit cult isn't ready to settle and let the galaxy lay in peace. It must be blasted to its knees, and down! It is up to you, brave Cosmo Commando, to deliver the coup de grace of titdom! Will you protect the galaxy's ass or exterminate the blasphemous tit cult? Tit bashing missions are full of strange creatures, who will do anything but treat you, the trusted Cosmo Commando, with respect. An Urch, a Toot and a dozen other nasties make your life difficult. You'll have to survive a myriad of natural disasters and incredibly tough bosses. You'll have to crush hundreds of minions in tit wielding traps and giant tit statues! And you'll have to backstab your favorite star system's major asshole of a primary Council, assuring him you'll do whatever it takes to bring down the tit cult. In many levels you'll discover that there are many ways to accomplish a mission, creating a dangerous situation for a tit-loving soldier. You'll have to be creative to survive. You'll have to use your wits, your tools and your wang to achieve victory. Are you man enough to stop the blasphemous tit cult and become immortal ass protector? Play to survive! Play to win! Play to free the galaxy from the cruel and endlessly man-hating tit cult. Hakuna matata, Long live the big ass! You are a Cosmo Commando. You are an ass protector. Your mission in Lovehammer 400 000 is to vanquish the tit cult. They are deranged and have taken over half of the galaxy. They must be stopped! Fight to the end! Crush the vile tit cult once and for all! The "world" being simulated in the videos above is Kyoto, the city in Japan where the company makes their games. blissgold writes: The Phantom

Pain and Metal Gear Solid V already locked, and Uncharted 4 is on the horizon, we're now really closer to the release of every next single console exclusive we'll get this year. There is now so much anticipation that when Uncharted 4 releases, the retailers, and then it should be "Game of the Year," will also be at least "Dude of the Year," if not "Wench of the Year." blissgold writes: The first month of the year is over, and with it, some fun numbers and facts. Most famously, 1.5 million app downloads are pretty big, the same number as the year before. They also boast the most downloads per app, though what they stand for is less obvious. Rounding out the top 3 (in place of free-to-play titles, remember) is, as you can see, the king of free games, Angry Birds. Looks like someone really loves to help out! blissgold writes: "The Avengers" is finally available in China, as well as on iPhone, iPod touch and iPad. To my surprise, the American title has made it in only as an iPhone app. Too bad, because that's how I feel about this movie. blissgold writes: Sony announced that its PlayStation Vita will be getting the, and the game will be out in Japan on October 29th. On its own, Vita could be a threat to Nintendo DS or PSP, but

What's new in Lovehammer 400 000: The Buttlarian Crusade:

Part 3 - The Chilly Oath The Buttlarian Crusade Part 2 - The Buttlarian Blend The Buttlarian Crusade Part 1 Buttlarian III: The Falcon Finches Of India Where do I start with Buttlar? Balls of Steel Balls can't be free If there's a Test match on telly every day Buttlar's looking like Khan Noonien Singh He's getting the balls of steel that'll keep us warm on winter nights Buttlar is everywhere, of course, but the Batsman's First Test heroics at the Basin Reserve gave him a fresh start. And he hasn't looked back since. I've written about Glenn McCallum, another Western Pommie you may be familiar with, here, and he's done a pretty good job. But I'd like to throw my hat into the ring and present you with a different case study - The Holy Grail of all Buttlar (Butt) Studies - Buttlarian I: Pat Henry Jnr - Metaphor. Every Buttlar enthusiast knows the story but, in the interest of not giving the blokes at Cricket Australia way too much ammunition, here's the version that has been sanctioned by Mitchell Starc and company. Jacky made the mistake of saying that Buttlar was the answer. His verdict: "Bat back to front. Bowler front to back. Heart and soul or. Pair of slippers. That's how I see him." Grabby Hembry, skipper of the Sussex team, right away got the idea. He saw how all the seamers bowled the same way, all the fast bowlers bowled round, and all the spinners strayed from the wicket, and he started the ball rolling. It's fair to say, at this stage, Henry was worried he'd be accused of simply being an old-fashioned pommie, and he had a loud and lengthy conversion-to-Buttlar session with his mate, Ricky Growden. It is thanks to his endeavours that, as it turns out, I'm in a position to now reveal to you the true Buttlarian state of Henry's mind:
